

Semester Departure Transportation Options

I have been approached by some students about the "Group Departure" at the end of the semester, so it's time to start thinking about these details.

With arrival and departure from the Luxembourg airport we certainly have made arrival and departure more flexible, easier and more individual. There actually is not one "Group Departure" and indeed no need for one group bus from the chateau to Luxembourg airport. With flights leaving Luxembourg airport all throughout the day it would not be constructive to have one bus leaving really early from the chateau, possibly many hours ahead of the actual departure for many students and result in many hours of unnecessary waiting. Plans for departure from Luxembourg are individual and students are both independent and responsible to make their own arrangements. Please double check all necessary details to make sure you arrive in time for your flight's departure.

Getting to Luxembourg airport is really easy and there are many options:

- Feel free to inquire with your host family if they are available but remember that they are not required to be available.
- The cheapest version to get to the airport is the public transportation: go to Luxembourg train station and from there take the Lux City bus # 16 (leaving platform 9 -the one straight ahead when you exit the train station main hall) into the direction of the Airport ('Aéroport'). This bus leaves roughly every 10 minutes as from 7:08 but the bus starts to run as of 5:38 am, all bus details can be found online: http://www.vdl.lu/vdl_multimedia/HorairesLigne16Pdf.pdf
- Naturally one can also choose taking a cab , a rather cheap (compared to other taxi services) and very convenient service has been offered through the Webtaxi: <http://www.webtaxi.lu/en/booking.html>, a ride Differdange to the airport could be around 80 euros

If there are any questions, please feel free to see Crici or Katie.
